

**Webinar Title: Introduce CN Post and ePortfolio: Increase learning interaction and engagement to your Moodle course**

**Time:** Friday, October 16, 2020 between 2:30-3:30 PM, Rwanda Time

**Location:** Online via Zoom <https://iu.zoom.us/j/9914035278>

You only need to have a stable internet connection. You don't need to turn on your web camera or microphone.

**Presenters:**

***Alice Zhao:*** Associate Director of Research and Development, IUPUI CyberLab / CourseNetworking

***Dr. Byungura Jean Claude:*** Lecturer in BIT and CN Project Ambassador at University of Rwanda

***Allie Wigginton:*** Associate Director of Research and Entrepreneurship, IUPUI CyberLab / CourseNetworking

**Webinar Brief Introduction:**

CN (CourseNetworking) accessed at ( <http://thecn.com/> ) is a social learning tool developed by our US partner institution, IUPUI. It is already added to every Module hosted at UR E-learning Platform. This webinar will show you how to access CN from UR E-learning Platform and how to leverage the unique CN features (Posting, Anar Seeds, ePortfolio, etc.) to enhance teaching and learning interactivity and engagement. You will be guided to set up CN Post in your modules and design effective and interactive learning activities. By completing this short webinar, you are ready to use CN features for your class. You will also have a chance to receive a teaching technology exploration certificate issued by the UR Deputy Vice Chancellor for Academic and Research at the end of the trimester if you use CN interactively and provide regular feedback to your students.

Interested in participating in this webinar? Please sign up the session from here: <https://forms.gle/87isPMYTrMoKM1yu5> by October 13th, 2020

*Let us be innovative in our teaching endeavors, thanks to technology!*
